

FAMILY UPDATE FROM VENTA CARE CENTRE

Wednesday October 11, 2023

To our Residents and Family Members

Venta Care Centre continues to be on outbreak; however, the outbreak is only on the second-floor unit 2700. As per the CDCs directive all visitors, families, and staff must continue to wear face mask throughout the building and an additional face shield only on unit 2700.

At this time (letter sent) Venta Care Centre has 7 Residents that have tested positive for COVID-19.

The well-being, health, and safety of our Residents and staff remains our top priority.

The management team will provide updates to families if any results are positive. If you are not contacted your loved one is not affected.

Thank you for your continued support.

Respectfully
Peter C. Birzgalis
Administrator Venta Care Centre
