

FAMILY UPDATE FROM VENTA CARE CENTRE

Tuesday September 26, 2023

To our Residents and Family Members

On September 26, 2023 the Medical Officer of Health declared Venta Care Centre's first floor on outbreak. Venta Care Centre has 4 residents that have tested positive for COVID-19. This includes units 100/1200, 300/400 and 1000. **As per the CDCs directive all visitors and families must wear a face mask at all times in the facility during their visit.**

Our team was able to identify COVID by utilizing our protocols of rapid swabbing and we continue to isolate any symptomatic Residents to prevent COVID spread.

The management team will provide updates to families if any results are positive. If you are not contacted your loved one is not affected. Please do not call the nursing station at this time to inquire as our team is working diligently to keep all residents safe.

Thank you for your continued support.

Respectfully
Peter C. Birzgalis
Administrator Venta Care Centre
